

# Washtenaw Community College

- ◆ Is a Mid Size Community College
- ◆ 1,457 employees
  - 565 full time
  - 892 part time
- ◆ 1,329 employees currently enrolled in MPSERS
- ◆ 128 employees currently enrolled in ORP

# MPSERS

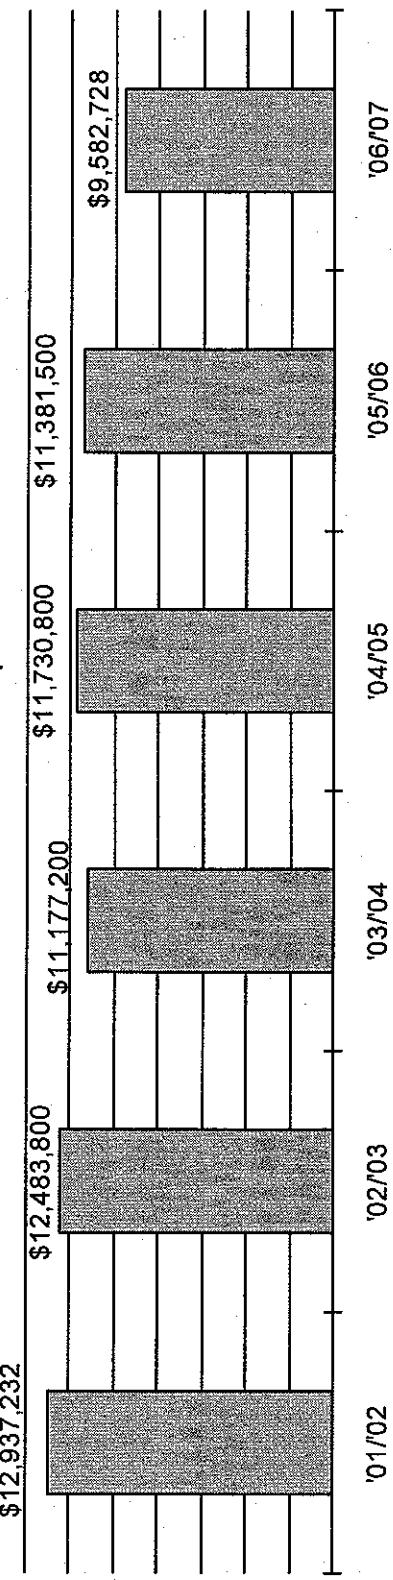

**MPSERS - In six years the cost to Washhtenaw Community  
College has increased \$1,575,306.**

All of these numbers are actual dollars remitted to the Michigan Public School  
Employees Retirement System (MPSERS).

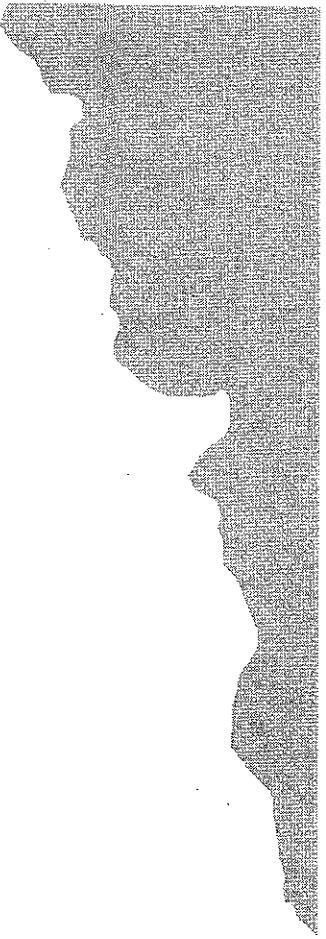

# State Aid

**Over the six-year period shown, State Aid to the College has declined over \$3.3 million.**

# Washtenaw Community College

- ◆ 184 full time employees are projected to retire within the next ten years.
- ◆ 157 of those employees are currently enrolled in MPERS
- ◆ Overall savings from MPERS to ORP for part time employees and new hires is \$14,233,900 over the next 10 years, assuming no additional rate increases in MPERS.

# Next Steps

- ◆ Pass legislation to take community colleges out of the MPERS system.
- ◆ Work at the State and Federal levels to make it easier for employers to help employees save for retirement health care costs.
